

What's the American Airlines Passenger Name Change Fee?

Correcting a passenger's name on an American Airlines ticket can be crucial—and confusing. Fees depend on the nature of the change, fare type, and timing. Let's break it down clearly.

If you need help determining whether your case qualifies or want to update a name correctly and efficiently, call **1-866-658-5895** for live support.

Name Corrections vs. Name Changes

American Airlines distinguishes **minor corrections** (allowed) from **full passenger changes** (not allowed). Typically:

- **Minor corrections** (typos, rearranged names, added initials) are permitted **without a fee** ([AA Groups](#), [Intercom](#)).
- **Full name changes** (swapping the passenger entirely) are **not permitted** under standard tickets.

To ensure your situation qualifies for a correction, call **1-866-658-5895** and explain the exact issue.

Is There a Fee?

For **minor name corrections**, no fee applies:

- No **penalty** or **change fee**
- No fare difference, as long as only minor edits are needed

However, if your ticket is refundable or requires other changes simultaneously (like date or destination), normal **change fees** may apply according to fare rules .

For clarity about your particular booking, contact **1-866-658-5895** as soon as you notice the error.

Timing Matters

Making the correction **quickly** increases your chances of avoiding fees:

- If you act **within 24 hours of booking**, minor corrections are almost always free.
- Changes made **closer to departure** or in conjunction with route/date changes may incur fees or fare differences ([Intercom](#), [SalesLink](#)).

Need to act fast? Calling **1-866-658-5895** ensures you're guided properly and your ticket remains valid.

International vs. Domestic Flights

Regardless of domestic or international routes, the policies around minor name corrections remain consistent:

- **Minor fixes** → no fee
- **Major changes** → not allowed; you must cancel and rebook ([SalesLink](#), [AA](#))

However, international travel enforces stricter name matching, so even small typos can cause boarding issues. Always verify your ticket name—call **1-866-658-5895** if you're unsure.
